Dear Mayor Scruggs:

I am writing this letter to express my wholehearted support for Luke Air Force Base in its pursuit of being selected as a training site for the F-35 Lightning II.

The military operations at Luke have been, and continue to be, a critical element in ensuring our national security. In these troubled times, it is even more important to show support for our armed forces and I am proud to offer any assistance I can in the effort to bring this training mission to Arizona.

It would be remiss of me if I did not also acknowledge the important role the base has played in Arizona's economy. Being selected as the training site for the new F-35 would ensure that Luke Air Force Base continues to help in our state's economic recovery.

Luke enjoys well-deserved support from communities throughout the Valley and the entire state. It is my hope that those responsible for making this decision will take this into consideration as they make their final site selection.

Please let me know if I can be of any further assistance in this important effort.

Sincerely,

Boyd W. Dunn
Mayor
