Glendale, AZ 85301

Dear Luke AFB Supporters:

On behalf of Honeywell Aerospace and our more-than 10,000 employees in the Valley of the Sun, I am happy to join you in supporting the selection of Luke Air Force as the home of the F-35 mission.

Luke has been a good neighbor in the Valley of the Sun for roughly the same lengthy period of time as Honeywell, and a good customer for Honeywell and the several hundred other aerospace manufacturers and suppliers in the region as well.

I know Luke enjoys a great tradition of preparing Air Force men and women for the critical mission of defending our country, and this is obviously a great opportunity to keep that tradition alive and growing.

Best of luck with the campaign to secure the F-35 Lightning II program.

Sincerely,

Rob Gillette
President & CEO
Honeywell Aerospace
