Dear Luke AFB Supporters,

The Kiwanis Club of Glendale would like to offer our support to Luke Air Force Base and their efforts to become the training facility for the F-35 Lightning II.

Luke AFB and the military personnel supporting its mission is a great asset to Glendale and the surrounding communities. The social and economic impact of Luke AFB is an immense benefit to Arizona. We believe the climate, training ranges, and facilities available at Luke AFB would serve as an ideal training location for the F-35.

The members of the Kiwanis Club of Glendale are available if any assistance is needed in support of Luke AFB. I can be contacted at 623-523-9426.

Sincerely,

Sean Witt
