

UNIVERSITY OF PHOENIX STADIUM

August 14, 2009

Office of Mayor Elaine Scruggs
City of Glendale
5850 West Glendale Avenue
Glendale, Arizona 85301

Subject: Luke Air Force Base

Dear Luke AFB Supporters:

Global Spectrum and the University of Phoenix Stadium strongly support Luke AFB and their efforts to become home to the F-35 mission. Luke AFB plays an important role in the economy of Arizona and the west valley and provides consistent support of the stadium and its events. The two properties/organizations work closely on numerous initiatives including special ticket offers, charitable efforts, and complimentary event access for military personnel and their families.

Global Spectrum and its stadium partners believe Luke AFB is the ideal location for the F-35 mission due to the long list of amenities available in the Glendale area and the quality of life which can be offered to our service personnel. Home to NFL football, major concerts, international sporting events, and trade/consumers shows, the University of Phoenix Stadium serves as a hub in the Glendale sports & entertainment district and relies heavily on the support provided by Luke AFB.

Global Spectrum looks forward to maintaining the strong relationship developed with Luke AFB over the past five years and stands ready to assist in their efforts to secure the F-35 mission.

Sincerely,

Peter C. Sullivan
General Manager
