Wells Fargo wholeheartedly supports the efforts of the Fighter Country Partnership in its mission of championing Luke Air Force Base as one of this nation's premier fighter pilot training installations and as the pilot training site for the next generation of U.S. Air Force fighters, the F-35.

Luke has long served this nation as a pilot training center and this community as a powerful economic force. The advantages of pilot training in Arizona, its consistent weather and existing military aviation infrastructure, are clear. Equally important is the community support for the continued role of Luke AFB and its mission. We look forward to the legacy of Luke continuing to grow in the decades ahead.

Thank you for the opportunity to provide input for this very important and effective Partnership.

Sincerely,

Pam Conboy
Arizona Regional President
